Description: The ASCO Series 386 Non-Automatic Power Transfer Switch is generally used in applications where operating personnel are available and the load is not an emergency type requiring automatic transfer of power.

Price: Call us at 800-853-2073 for a quote

Generator Source thoroughly tests all of our products!

The pricing displayed on our website is subject to change based on deinstallation costs, installation requirements, rigging/disposal, and any other situational variables, but we do try to keep it as up to date as possible.
